

CITY OF NEWPORT BEACH
PLANNING COMMISSION STAFF REPORT
April 19, 2012 Planning Commission Hearing
Agenda Item No. 2

SUBJECT: Newport Place Affordable Housing Amendment - (PA2011-215)

- Planned Community Amendment No. PD2011-005

APPLICANT: City of Newport Beach

PLANNER: Melinda Whelan, Assistant Planner
949-644-3221, mwhelan@newportbeachca.gov

PROJECT SUMMARY

Amendment to the Newport Place Planned Community Development Plan (PC-11) to implement Housing Programs 3.2.2 and 3.2.3 found in the 2008-2014 Housing Element. The amendment would permit residential development that includes a minimum of 30 percent of the units affordable to lower-income households with the approval of a Site Development Review. Developments meeting this criteria will also be eligible for a waiver of the minimum 10-acre site area required. The amendment would also establish minimum development regulations including building height, setbacks, and parking requirements.

RECOMMENDATION

- 1) Conduct a public hearing and;
- 2) Adopt the draft resolution recommending City Council adoption of the Newport Place Planned Community Development Plan Amendment (Attachment No. PC 1).

GENERAL PLAN

ZONING

LOCATION	GENERAL PLAN	ZONING	USE
Area Bounded by MacArthur Blvd., Jamboree Rd., Bristol St. North, and Birch St.	Includes Mixed-Use Horizontal (MU-H2), General Commercial Office (CO-G) and General Commercial (C-G) parcels	Newport Place Planned Community Development Plan (PC-11)	Various commercial and general office
Proposed Residential Overlay within PC-11	Only on MU-H2 parcels within PC-11	Adds residential overlay to PC-11 to facilitate development of affordable housing	No change to existing uses. Amendment adds opportunity for affordable housing development.

Background

As part of the 2006 comprehensive General Plan update, the Airport Area was identified as a new area for housing opportunities and was designated Mixed-Use Horizontal (MU-H2), which allows for mixed-use and multi-family residential. With its density ranging from 30 to 50 du/acre, the Airport Area was also identified in the 2008-2014 Housing Element as an area to potentially accommodate affordable housing. During review of the 2008-2014 Housing Element, the California Department of Housing and Community Development (HCD) identified two constraints to the development of affordable housing within the Airport Area that needed to be addressed prior to their finding that the Housing Element meets state law requirements.

The first constraint recognized by HCD is General Plan Policy LU 6.15.6 that requires residential neighborhoods in the Airport Area to contain a minimum of ten (10) contiguous acres centered on a neighborhood park and other amenities. To address this constraint, staff worked with HCD to develop a new Housing Element program (HP 3.2.2) requiring the City to create a waiver or exception provision to the minimum 10-acre site requirement for affordable housing projects.

The second constraint identified by HCD relates to the zoning of the sites within the Airport Area. Although the General Plan permits residential development on sites designated mixed-use within the Airport Area, the sites remain zoned only for commercial and industrial land uses by the Koll Center (PC-15) and Newport Place (PC-11) Planned Communities¹. To address this issue, Housing Element program HP 3.2.3 was developed that requires Planned Community text amendments to allow residential developments that include: 1) a minimum of 30 percent of the units affordable to lower-income households; and 2) include densities between 30 du/acre and 50 du/acre consistent with the General Plan land use designation and policies for the Airport Area. Residential developments meeting these requirements will be permitted subject to a Site Development Review (Attachment No. PC 2).

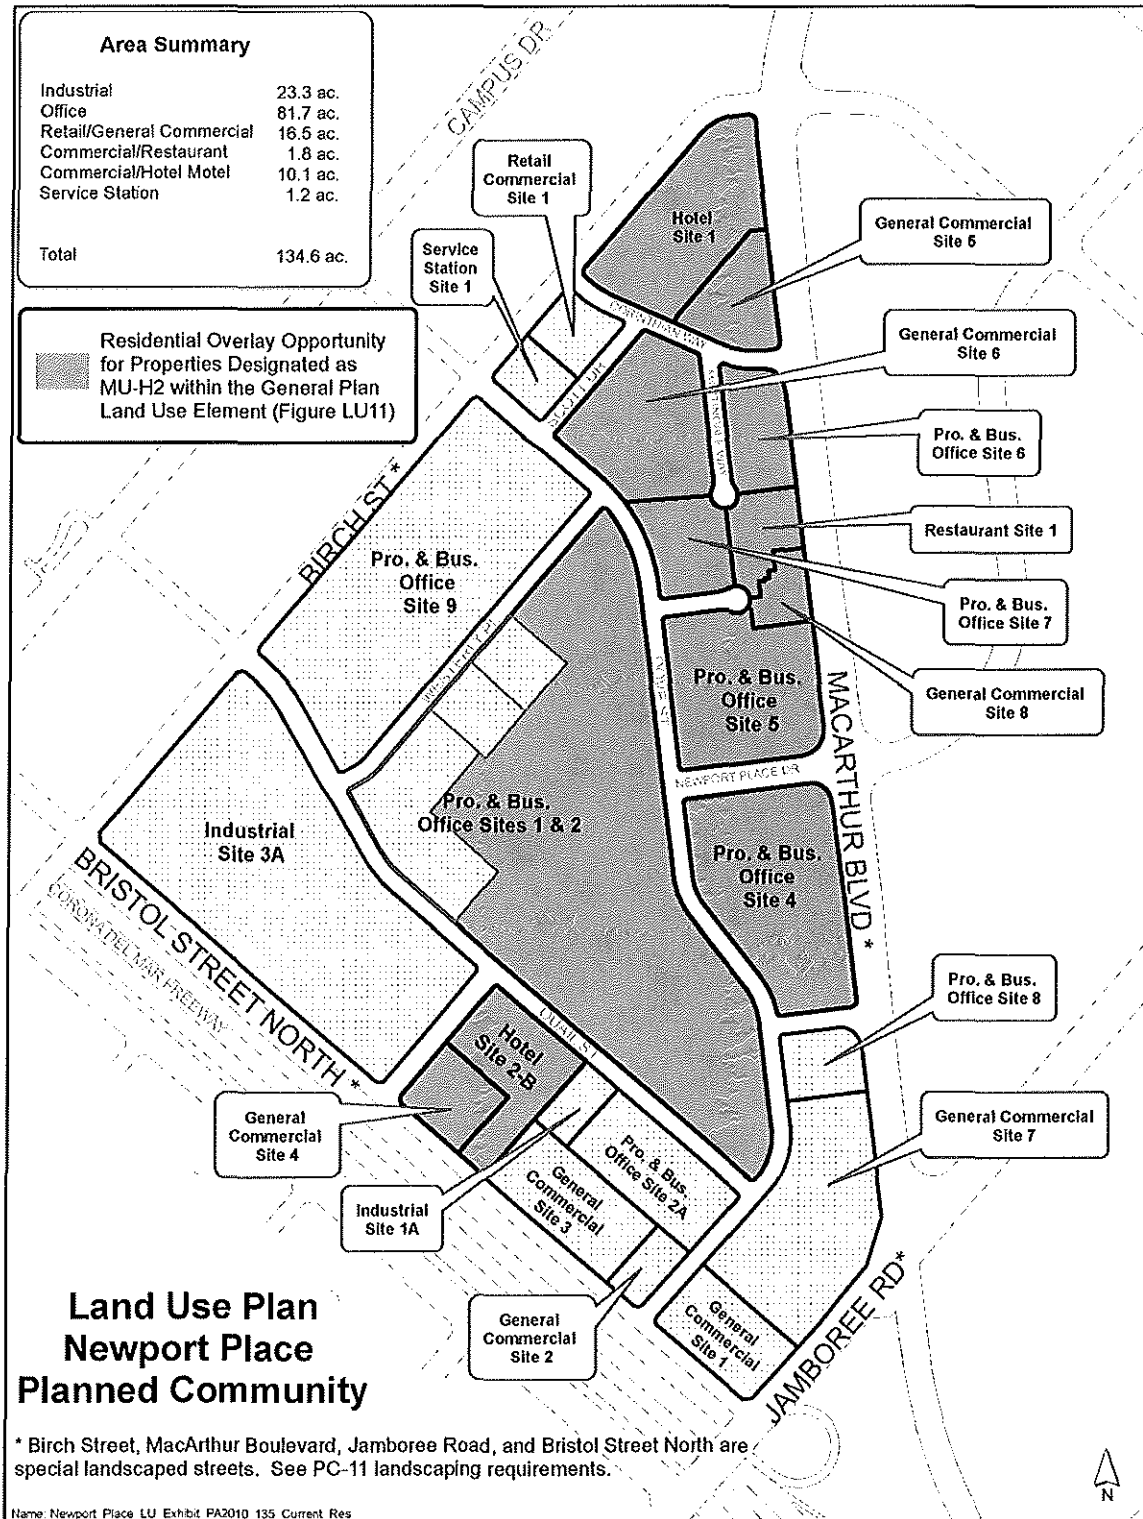

HCD has found the 2008-2014 Housing Element compliant with State Housing Element Law with the adoption of Housing Programs 3.2.2 and 3.2.3 (Attachment No. PC 3) by the City and contingent upon implementation of these new programs.

Newport Place Planned Community

Newport Place is a Planned Community in the Airport Area that was originally designed in the early 1970's with clusters of office parks and industrial uses. The area has evolved with light industrial uses being replaced overtime with commercial support retail and office uses within the original design. The introduction of the MU-H2 land use classification created an opportunity for residential uses. The boundary of PC-11 begins at Macarthur Boulevard extending westerly bounded by Jamboree Road, Bristol Street North, and Birch Street as depicted on the vicinity map. The residential overlay opportunity spans only across parcels that have the General Plan Land Use designation

¹ An Amendment for Koll Center (PC-15) will be processed at a future date.

of MU-H2 as depicted on the map on the next page which is incorporated into the revised PC text.

Newport Place Affordable Housing Amendment

The Amendment creates an opportunity for affordable housing projects to be developed within a new residential overlay but does not remove or change other components of the existing Planned Community text. Additionally, a few minor changes were made throughout the PC-11 text to update references to City Departments. The revised PC-text is found in the draft Resolution as Exhibit "A" (Attachment No. PC 1)

Residential Overlay

The residential overlay provides for the opportunity to develop affordable residential projects. Affordable residential projects that qualify for the residential overlay would be permitted subject to a Site Development Review process per Zoning Code Section 20.52.080. Notwithstanding, the review authority for site development review listed in Table 5-2 of the Newport Beach Zoning Code, the review authority for site development review shall be the Planning Commission regardless the number of dwelling units proposed. A Site Development Review provides a process to ensure consistency with General Plan policies related to the preservation of established community character, and expectations for high quality development and to ensure proper integration of the project with the area. To qualify for the residential overlay projects must provide the following:

- A density 30 to 50 dwelling units per acre.
- A minimum of 30 percent of the units must be affordable to lower-income households for a minimum of 30 years.
- Must meet the basic site development standards of the residential overlay.
- Residential dwellings shall be permitted *only* as replacement of existing nonresidential uses pursuant to General Plan Policy LU 6.15.5. The number of peak hour trips generated by new development could not exceed the number of trips that result from the existing nonresidential uses.

Residential developments that qualify for the residential overlay are subsequently exempt from General Plan Land Use Policy LU 6.15.6 and have no minimum site area requirement.

Development Standards of Residential Overlay

The existing Planned Community text does not provide residential development standards. The existing PC text allows for a range of heights depending on the site from 50 feet to 167 feet or 9 stories. Staff consulted with affordable housing developers to determine that a height limit of 55 feet is appropriate to facilitate a four-story building that typically can accommodate the 30 to 50 unit per acre density range. The 55-foot may be exceeded with the approval of the Site Development Review if additional findings can be made pursuant to Zoning Code Section 20.30.060 C.3 (Attachment No. PC 4). The Planned Community text does include commercial setback and landscape

standards including special landscaped streets (Jamboree Road, Bristol Street North, Birch Street, and MacArthur Boulevard) which are maintained in the proposed residential overlay to preserve the existing development pattern of the PC.

Staff recommends using the Zoning Code Multiple Residential (RM) standards including additional landscaping, parking and signs where appropriate. There is no floor area limit proposed as development would be limited sufficiently by other development standards. The residential overlay also includes development standards related to projects providing sufficient amenities, integration of projects within the existing PC, and integration of the affordable units within a specific project.

Airport Land Use Commission

Projects requiring Zoning Code amendments including Planned Community amendments that are located within the Airport Environs Land Use Plan (AELUP) Airport Planning Area must be referred to the Orange County Airport Land Use Commission (ALUC) for a determination of consistency with the AELUP prior to adoption by the City. The Airport Land Use Commission is scheduled to review the PC Amendment at the ALUC meeting on May 17, 2012. Staff anticipates ALUC will find the project consistent with AELUP since they reviewed the 2006 General Plan update and the MU-H2 designations were deemed consistent with the AELUP. Additionally, ALUC found the 2008-2014 Housing Element including programs and implementation consistent with the AELUP. The proposed height limits within the PC text are required to comply with the requirements of Zoning Code Section 20.30.060.E. (Airport Environs Land Use Plan for John Wayne Airport and the Airport Land Use Commission Review Requirements).

Environmental Review

A Negative Declaration (SCH No. No. 2011091088) was prepared for the 2008-2014 Housing Element, which includes Housing Programs HP3.2.2 and 3.2.3, in accordance with the implementing guidelines of the California Environmental Quality Act (CEQA), State CEQA Guidelines, and City Council Policy K-3. The document was made available for public review and comment during a 30-day review period from September 30 to October 31, 2011 and subsequently adopted by the City Council on November 22, 2011. The document is on file with the Community Development Department. A subsequent negative declaration for the project is not required to be prepared pursuant to CEQA Guidelines Section 15162 because the proposed amendment implements Housing Programs HP3.2.2 and 3.2.3, and does not constitute "substantial changes" that would involve new significant environmental effects or result in the adoption of mitigation measures. Future residential development that could occur pursuant to the proposed amendment would be subject to further site-specific environmental evaluations.

Public Notice

Notice of this hearing was published in the Daily Pilot, posted at City Hall a minimum of 10 days in advance of this hearing consistent with the Municipal Code, mailed to all property owners within PC-11, and to all property owners within the 300' radius of the boundaries of PC-11. The notice was e-mailed to all parties on the housing interest list. Finally, the item appeared upon the agenda for this meeting, which was posted at City Hall and on the city website.

Draft Resolution

RESOLUTION NO. ####

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF NEWPORT BEACH RECOMMENDING CITY COUNCIL ADOPTION OF THE NEWPORT PLACE AFFORDABLE HOUSING AMENDMENT (PD2011-005) AUTHORIZING RESIDENTIAL DEVELOPMENT THAT INCORPORATES AFFORDABLE HOUSING. (PA2011-215)

THE PLANNING COMMISSION OF THE CITY OF NEWPORT BEACH HEREBY FINDS AS FOLLOWS:

SECTION 1. STATEMENT OF FACTS.

1. The 2006 General Plan identifies several key areas in the City as locations for future housing opportunities, including the Airport Area. Given the allowed densities of between 30 and 50 dwelling units per acre, the Airport Area has also been identified in the City's 2008-2014 Housing Element as having the potential to accommodate the City's Regional Housing Needs Assessment (RHNA) for lower-income households.
2. The Department of Housing and Community Development (HCD) reviewed the 2008-2014 Housing Element update and found it in full compliance with State housing element law on December 29, 2011. HCD also identified successful implementation of Housing Element Programs HP 3.2.2 and HP 3.2.3 as necessary to facilitate affordable residential development in the Airport Area.
3. The 2008-2014 Housing Element update including Housing Programs HP 3.2.2 and HP 3.2.3 was adopted by City Council on November 22, 2011.
4. General Plan Policy LU6.15.6 requires residential neighborhoods in the Airport Area to contain a minimum of ten (10) contiguous acres centered on a neighborhood park and other amenities. Housing Element Program HP3.2.2 requires the City to create a waiver or exception provision to the minimum 10-acre site area requirement of General Plan Land Use Policy 6.15.6 for affordable housing projects.
5. Housing Element Program HP3.2.3 requires the City to amend the Newport Place Planned Community (PC-11) text to permit residential developments that include: 1) a minimum of thirty (30) percent of the units affordable to lower-income households; and 2) include densities between 30 du/acre and 50 du/acre consistent with the General Plan land use designation and policies for the Airport Area.
6. The Newport Place affordable housing amendment implements Housing Programs HP3.2.2 and 3.2.3 and provides adequate provisions and review to ensure that the policies of the General Plan are implemented appropriately. Additionally, a few minor changes were made throughout the PC-11 text to update references to City Departments.

7. The area of land regulated by PC-11 is located within the Airport Area of the City and generally bounded by MacArthur Boulevard, Jamboree Road, Birch Street, and Bristol Street North.
8. The subject property is not located within the coastal zone.
9. A public hearing was held on April 19, 2012 in the City Hall Council Chambers, 3300 Newport Boulevard, Newport Beach, California. A notice of time, place and purpose of the meeting was given in accordance with the Newport Beach Municipal Code. Evidence, both written and oral, was presented to, and considered by, the Planning Commission at this meeting.

SECTION 2. CALIFORNIA ENVIRONMENTAL QUALITY ACT DETERMINATION.

A Negative Declaration (SCH No. No. 2011091088) was prepared for the 2008-2014 Housing Element, which includes Housing Programs HP3.2.2 and 3.2.3, in accordance with the implementing guidelines of the California Environmental Quality Act (CEQA), State CEQA Guidelines, and City Council Policy K-3. The document was made available for public review and comment during a 30-day review period from September 30 to October 31, 2011 and subsequently adopted by the City Council on November 22, 2011. The document is on file with the Community Development Department. A subsequent negative declaration for the project is not required to be prepared pursuant to CEQA Guidelines Section 15162 because the proposed amendment implements Housing Programs HP3.2.2 and 3.2.3, and does not constitute "substantial changes" that would involve new significant environmental effects or result in the adoption of mitigation measures. Future residential development that could occur pursuant to the proposed amendment would be subject to further site-specific environmental evaluations.

NOW, THEREFORE, BE IT RESOLVED:

1. The Planning Commission of the City of Newport Beach hereby approves this Resolution recommending City Council adoption of the Newport Place Affordable Housing Amendment (PD2011-005), as provided in Exhibit A of this resolution, which is attached hereto and incorporated by reference.

PASSED, APPROVED AND ADOPTED THIS 19th DAY OF APRIL, 2012.

GENERAL NOTES

1. The Newport Project, a planned community development is a project of Emkay Development Company, Inc., a subsidiary of Morrison-Knudsen Company, Inc. The area is most appropriate for commercial and light industrial use because of its central location, ideal topography, availability to four freeways, accessibility to two railroads and its relation to the Orange County Airport. Attached drawings indicate land use, grading and roads, storm drains, water and sewer, topography and traffic analysis. This area was also identified in the 2006 General Plan as a key area for future housing opportunities. [38]
2. Water within the Planned Community area will be furnished by the City of Newport Beach.
3. Sewerage Disposal facilities within the Planned Community area are by the City of Newport Beach.
4. Prior to or coincidental with the filing of any tentative map or use permit, the developer shall submit a master plan of drainage to the Director of Public Works.
5. The height of all buildings and structures shall comply with FAA criteria.
6. Except as otherwise stated in this ordinance, the requirements of the Zoning Code, City of Newport Beach, shall apply.

The contents of this supplemental text notwithstanding, no construction shall be proposed within the boundaries of this Planned Community District except that which shall comply with all provisions of the Building Code and the various mechanical and electrical codes related thereto.

7. Phasing of Development.

1,799,941 sq. ft. of development was existing or under construction as of October 1, 1978. The additional allowable development in the total approved development plan is 566,423 square feet. Any further development subsequent to October 1, 1978, in excess of 30% of the additional allowable development, being 169,927 sq. ft. shall be approved only after it can be demonstrated that adequate traffic facilities will be available to handle that traffic generated by the project at the time of occupancy of the buildings involved. Such demonstration may be made by the presentation of a phasing plan consistent with the Circulation Element of the Newport Beach General Plan. (Phasing Plan approved by City Council March 12, 1979 for all development subject to this regulation.)(13]

DEFINITIONS

Advertising Surface:

The total area of the face of the structure, excluding supports.

Area of Elevation:

Total height and length of a building as projected to a vertical plane.

Building Line:

An imaginary line parallel to the street right-of-way line specifying the closest point from this street right-of-way line that a building structure may be located (except for overhangs, stairs and sunscreens).

Public Safety Area:

A strip of land twenty (20) feet in width and running parallel with street rights-of-way.

Right-of-Way Line:

When reference is made to right-of-way line it shall mean the line which is then established on either the adopted Master Plan of Streets and Highways or the filed Tract Map for Minor Roads as the ultimate right-of-way line for roads or streets.

Side and Front of Corner Lots:

For the purpose of this ordinance, the narrowest frontage of a lot facing the street is the front, and the longest frontage facing the intersecting street is the side, irrespective of the direction in which structures face.

Sign:

Any structure, device or contrivance, electric or non-electric and all parts thereof which are erected or used for advertising purposes upon or within which any poster, bill, bulletin, printing, lettering, painting, device or other advertising of any kind whatsoever is used, placed, posted, tacked, nailed, pasted or otherwise fastened or affixed.

Site Area:

The total land area of the land described in the use or other permit.

Special Landscaped Street:

Special landscaped streets are designated as MacArthur Boulevard, Jamboree Road, Bristol Street North and Birch Street. The landscaping requirements for special landscaped streets and for the remaining streets are described in the following text.

Streets - Dedicated and Private:

Reference to all streets or rights-of-way within this ordinance shall mean dedicated vehicular rights-of-way. In the case of private or non-dedicated streets, a minimum setback from the right-of-way line of said streets of ten (10) feet shall be required for all structures. Except for sidewalks or access drives, this area shall be landscaped according to the setback area standards from dedicated streets herein.

C. Typical Building Mix/Site Utilization

Typical site areas for buildings of varying heights are provided for purposes of illustration. Development of any of the Sites indicated may include any number of combinations of building types, characterized by number of stories, within the range of building types indicated for that site.

¹Commercial/Professional and Business Office Site 1 and 2 have been reduced by 36,119 feet with the reduction allocated to the allowed building area for Parcels 1 & 2 of Resubdivision 585. The allowable building area for Parcel 1 & 2 of Resubdivision 585 is now 272,711 square feet. [14]

²If commercial uses are constructed on Commercial/Professional and Business Office Site 5 which are ancillary to and in the same building as office uses, additional development up to a maximum of 294,600 sq. ft. may be developed, so long as office use does not exceed 268,743 sq. ft. [21, 24, 25]

5. Distribution and Warehousing Plants

- B. To allow the location of general manufacturing activities, service industry and activities related to contractor and construction industry, provided that such activities are confined within a building or buildings and do not contribute excessive noise, dust, smoke, vibration, odor, toxic or noxious matter to the surrounding environment nor contain a high hazard potential due to the nature of the products, materials or processes involved.

1. Service industries or those industries providing a service as opposed to the manufacture of a specific product, such as the repair and maintenance of appliances or component parts, tooling, printers, testing shops, small machine shops, shops engaged in the repair, maintenance and servicing of items excluding automobile repair, providing that such industries are not the point of customer delivery or collection.
2. Contractor and construction industries relating to building industry, such as general contractors, electrical contractors, plumbing contractors.

- C. To allow a combination of general industry, business and professional offices, and industrial support activities, provided that such activities are confined within a building or buildings, and do not contribute excessive noise, dust, smoke, vibration, odor, toxic or noxious matter to the surrounding environment nor contain a high hazard potential due to the nature of the products, materials or processes involved.

The industrial support activities shall be defined as and limited to the sale of products or services relating only to the immediate industrial complex. Any activity, which could be classified as retail commercial, shall be restricted to activities strictly accessory and/or supplementary to the industrial community.

1. All uses permitted under A, B, and D.
 - a. Business and Professional Offices.
 - b. Industrial Support Facilities, to include activities limited to the sale of products or services related to only the industrial complex. Activities of a commercial nature shall be restricted in scope so as to service and to be accessory and/or supplementary to the industrial complex.
 - c. Service stations subject to a use permit.
2. Except as herein indicated, the General Development Standards for Industry shall apply.

- a. Sign Area

Industry Support Facilities and Business and Professional Offices.

Only one (1) fascia mounted identification sign shall be permitted per street frontage for each individual business or office.

No sign shall exceed an area equal to one and one-half (1-1/2) square feet of sign for each one (1) foot of lineal frontage of the building or store. However, no sign shall exceed two hundred (200) square feet in area per face.

- b. Site Identification Ground Sign

One (1) site identification sign listing only the name of the site or major tenant on the site shall be allowed. Said sign shall be limited to a maximum height of four (4) feet and a width of eight (8) feet and may be double faced.

- c. Pedestrian Access

It is required of all developments in the industrial support facility area to submit a plan of pedestrian access to the Planning ~~Department~~ Division prior to the issuance of building permits. Said plan will detail consideration for pedestrian access to the subject property and to adjacent properties, and shall be binding on subsequent development of the property. The plan shall show all interior walkways and all walkways in the public right of way, if such walkways are proposed or necessary.

- D. To allow for the location of a storage facility for new car inventory. Located within Industrial Site 1A between Quail Street on the east, adjacent to Auto Center Sites 2A and 2B on the south, and Bristol Street on the west This use shall be subject to a use permit. [3]

D. (Deleted)[2,4]

Section III. General Development Standards for Industry

Maximum building areas shall be as noted in the Statistical Analysis, Part I.A and Part I.B.

A. Building Height [22]

Building heights of structures shall be limited to a height of thirty-five (35) feet; provided, however, that on Parcel 1 and Parcel 2 of Parcel Map 86-33-34 (Resubdivision No. 529) in Industrial Site 3A, the Planning Commission or the City Council on review or appeal may approve a structure up to a maximum height of 50 feet after the approval of a use permit.

The Planning Commission or City Council in granting any use permit for structures in excess of thirty-five (35) feet shall find that each of the following four points have been complied with:

- (a) The increased building height would result in more public visual open space and views than is required by the basic height limit. Particular attention shall be given to the location of the structure on the lot, the percentage of ground cover, and the treatment of all setback and open areas.
- (b) The increased building height would result in a more desirable architectural treatment of the building and a stronger and more appealing visual character of the area than is required by the basic height limit.
- (c) The increased building height would not result in undesirable or abrupt scale relationships being created between the structure and existing developments or public spaces. Particular attention shall be given to the total bulk of the structure including both horizontal and vertical dimensions.
- (d) The structure shall have no more floor area than could have been achieved without the use permit. [22]

B. Setbacks

All setbacks shall be measured from the property line. For the purpose of this ordinance, a street side property line is that line created by the ultimate right-of-way line of the frontage street.

1. Front Yard Setback

Thirty (30) feet minimum, except that unsupported roofs or sunscreens may project six (6) feet into the setback area.

2. Side Yard Setback

Ten (10) feet, except that unsupported roofs and sunscreens may project three (3) feet into the setback area.

In the case of a corner lot, the street side setback shall be thirty (30) feet, except that unsupported roofs and sunscreens may project six (6) feet into the setback area. Interior lot lines for a corner lot shall be considered side lot lines.

3. Rear Yard Setback

No rear yard setback is required except on a through-lot in which case the required front yard setback shall be observed.

C. Site Coverage

Maximum building coverage of fifty (50) percent is allowed. Parking structures shall not be calculated as building area, however, said structures shall be used only for the parking of company vehicles, employee's vehicles, or vehicles belonging to persons visiting the subject firm.

D. Signs

1. Sign Area

Only one (1) single faced or double-faced signs shall be permitted per street frontage. No sign or combination of signs shall exceed one (1) square foot in area for each six-hundred (600) square feet of total site area. However, no sign shall exceed two hundred (200) square feet in area per face. An additional twenty (20) square feet shall be allowed for each additional business conducted on the site.

2. Sale or Lease Sign

A sign, advertising the sale, lease, or hire of the site shall be permitted in addition to the other signs listed in this section. Said sign shall not exceed a maximum area of thirty-two (32) square feet.

3. Ground Sign

All ground signs shall not exceed four (4) feet above grade in vertical height. Also, ground signs in excess of one-hundred fifty (150) square feet in area (single face) shall not be erected in the first twenty (20) feet, as measured from the property line, of any street side setback area. However, the above standards shall not apply to the Community Directional Sign and Special Purpose Sign.

4. Special Purpose Sign

Signs used to give directions to traffic or pedestrians or give instructions as to special conditions shall not exceed a total of six (6) square feet (single face) in area and shall be permitted in addition to the other signs listed in this section.

5. Wall Signs

Wall signs shall not comprise more than ten (10) percent of the area of the elevation upon which the sign is located. Said signs shall be fixture signs; signs painted directly on the surface of the wall shall not be permitted.

In the instance of a multiple tenancy building, each individual industry may have a wall sign over the entrance to identify the industry. Said sign shall give only the name of the company and shall be limited to four (4) inch high letters. Said sign must be oriented toward the parking area for that building.

6. Construction Sign

One (1) construction sign denoting the architects, engineers, contractor, and other related subjects, shall be permitted upon the commencement of construction. Said sign shall conform with the requirements of Item 3 above, Ground Sign, and will be permitted until such time as a final inspection of the building(s) designates said structure(s) fit for occupancy, or the tenant is occupying said building(s), whichever occurs first.

7. Future Tenant Identification Sign

A sign listing the name of the future tenant, responsible agent or realtor, and identification of the industrial complex shall be permitted. Said sign shall

conform with the requirements of Item 3 above, Ground Sign, and will be permitted until such time as a final inspection of the building(s) designates said structure(s) fit for occupancy or tenant is occupying said building(s), whichever occurs first.

8. Community Directional and/or Identification Sign

Permanent directional and identification signs, not exceeding two-hundred fifty (250) square feet (single face), shall be permitted but subject to use permit.

E. Sign Standards

1. Signs visible from the exterior of any building may be lighted, but no signs or any other contrivance shall be devised or constructed so as to rotate, gyrate, blink or move in any animated fashion.
2. Signs shall be restricted to advertising only the person, firm, company or corporation operating the use conducted on the site or the products or sold thereon.
3. A wall sign with the individual letters applied directly shall be measured by a rectangle around the outside of the lettering and/or the pictorial symbol and calculating the area enclosed by such line.
4. All signs attached to the building shall be flush mounted.

F. Parking

Adequate off-street parking shall be provided to accommodate all parking needs for the site. The intent is to eliminate the need for any on-street parking.

Required off-street parking shall be provided on the site of the use served, or on a contiguous site or within three hundred (300) feet of the subject site. Where parking is provided on other than the site concerned, a recorded document shall be approved by the City Attorney and filed with the Building and Planning ~~Departments~~ Divisions and signed by the owners of the alternate site stipulating to the permanent reservation of use of the site for said parking.

The following guide shall be used to determine parking requirements:

Office

One (1) space for each 225 square feet of net floor area. The parking requirement may be lowered to one (1) space for each 250 square feet of net floor area upon review and approval of the modification committee.

Manufacture, Research and Assembly

Two (2) parking spaces for each three (3) employees, but in no event less than three (3) spaces for each one thousand (1000) square feet of gross floor area.

Warehouse

Two (2) parking spaces for each three (3) employees, but in no event less than one (1) space for each one thousand (1000) square feet of gross floor area for the first twenty thousand (20,000) square feet; one (1) space for each two thousand (2,000) square feet of gross floor area for the second twenty thousand (20,000) square feet; one (1) space for each four thousand (4,000) square feet of gross floor area for areas in excess of the initial forty thousand (40,000) square feet of floor area of the building.

If there is more than one shift, the number of employees on the largest shift shall be used in determining parking requirements.

G. Landscaping

Detailed landscaping and irrigation plans, prepared by a landscaping architect, licensed contractor or architect shall be submitted to and approved by the **Planning Community Development** Director prior to issuing of building permit and installed prior to issue of Certificate of Use and Occupancy.

All landscaping referred to in this section shall be maintained in a neat and orderly fashion.

1. Front Yard Setback Area

a. General Statement

Landscaping in these areas shall consist of an effective combination of street trees, trees, ground cover and shrubbery. All unpaved areas not utilized for parking shall be landscaped in a similar manner.

b. Special Landscaped Street

The entire area between the curb and the building setback line shall be landscaped, except for any access driveway in said area.

c. Other Streets

The entire area between the curb and a point ten (10) feet in back of the front property line shall be landscaped, except for any access driveway in said area.

2. Side and Rear Yard Setback Area

a. General Statement

All unpaved areas not utilized for parking and storage, shall be landscaped utilizing ground cover and/or shrub and tree materials.

b. Undeveloped Areas

Undeveloped areas proposed for future expansion shall be maintained in a weed free condition but need not be landscaped.

c. Screening

Areas used for parking shall be landscaped and/or fenced in such a manner as to interrupt or screen said areas from view from access streets, freeways, and adjacent properties. Plant materials used for this purpose shall consist of lineal or grouped masses of shrubs and/or trees.

3. Parking Areas

Trees, equal in number to one (1) per each five (5) parking stalls shall be provided in the parking area.

4. Sloped Banks

All sloped banks greater than 5-1 or 6 feet in vertical height and adjacent to public right-of-way shall be stabilized, planted and irrigated in accordance with plans submitted and approved by Planning Director.

H. Loading Areas

4.—On other than special landscaped streets street side loading shall be allowed provided the loading dock is set back a minimum of seventy (70) feet from

1. the street right-of-way line or one hundred ten (110) from the street centerline, whichever is greater. Said loading area must be screened from view from adjacent streets.

I. Storage Areas

1. All outdoor storage shall be visually screened from access streets, freeways, and adjacent property. Said screening shall form a complete opaque screen up to a point eight (8) feet in vertical height but need not be opaque above that point.
2. Outdoor storage shall be meant to include all company owned and operated motor vehicles, with the exception of passenger vehicles.

~~2.~~3. No storage shall be permitted between a frontage street and the building line.

J. Refuse Collection Areas

1. All outdoor refuse collection areas shall be visually screened from access streets, freeways, and adjacent property by a complete opaque screen.
1. No refuse collection areas shall be permitted between a frontage street and the building line.

K. Telephone and Electrical Service

All "on-site" electrical lines (excluding lines in excess of 12 KV) and telephone lines shall be placed underground. Transformers or terminal equipment shall be visually screened from view from streets and adjacent properties.

L. Sidewalks

The requirement for sidewalks in the Planned Community District may be waived by the Planning Director if it is demonstrated that such facilities are not needed. However, the City retains the right to require installations of sidewalks if, in the future, a need is established by the City.

M. Nuisances

No portion of the property shall be used in such a manner as to create a nuisance to adjacent sites, such as but not limited to vibration, sound, electro-mechanical disturbance and radiation, electro-magnetic disturbance, radiation, air or water pollution, dust, emission of odorous, toxic or noxious matter.

PART II. COMMERCIAL

Section I. Minimum Site Area

- A. Thirty Thousand (30,000) square feet
- B. Exception: [11]

The Planning Commission may authorize an exception to the minimum site area. Application for any such exception shall be made at the time of the filing of a tentative map by the applicant. In order for an exception to be granted, the Planning Commission shall find the following facts with respect thereto:

- 1. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the vicinity.

Section III. General Development Standards for Commerce

Maximum building areas and building heights shall be noted in the Statistical Analysis, Part II.A and Part II.B.

A. Setbacks

All setbacks shall be measured from the property line. For the purpose of this ordinance, a street side property line is that line created by the ultimate right-of-way line of the frontage street.

1. Front Yard Setback

Thirty (30) feet minimum; except that unsupported roofs or sunscreens may project six (6) feet into the setback area.

Hotel/Motel uses: Seventeen (17) feet and six (6) inches minimum, provided that the average setback for all buildings along the linear street frontage is thirty (30) feet. [31]

2. Side Yard

Side yard setbacks will be required only when any one of the following conditions exist:

- a. Corner lot: Thirty (30) feet (street side setback only), except that unsupported roofs and sunscreens may project three (3) feet into setback area.

Hotel/Motel uses: Fourteen (14) feet and six (6) inches minimum, provided that the average setback for all buildings along the linear street frontage is twenty-seven (27) feet. [31]

- b. Where property abuts other than commercially zoned property, a ten (10) foot setback is required. Unsupported roofs and sunscreens may project three (3) feet into the setback area.

Hotel/Motel uses: Ten (10) feet minimum setback for all buildings along the property line. [31]

3. Rear Yard

None required except on a through-lot in which case the required front yard setback shall be observed.

B. Signs

1. Sign Area: General Standard

Building identification shall be limited to a single (1) entity. Building identification signs shall have an area not to exceed 1 1/2 square feet of surface for each one (1) foot of lineal frontage of building. However, no sign shall exceed two hundred (200) square feet per face. Building identification signs shall be limited to two (2) facades.

2. Pole Sign:

One (1) identification pole sign site will be allowed for the following commercial businesses:

- a. Restaurant
- b. Cocktail lounge and/or bar
- c. Motel and hotel

If a pole sign is utilized, it shall be in lieu of other identifications signs allowed by ordinance. Pole signs shall be limited to maximum height of twenty (20) feet and a maximum area of fifty (50) square feet per face, double faced.

3. Wall Sign:

In no event shall an identification sign placed on a wall comprise more than ten (10) percent of the area of the elevation upon which the sign is located. Said signs shall be fixture signs. Signs painted directly on the surface of the wall shall not be permitted.

4. Ground Sign:

An identification ground sign shall not exceed four (4) feet above grade in vertical height. Also, ground signs in excess of one-hundred and fifty (150) square feet in area (single face) shall not be erected in the first twenty (20) feet, as measured from the property line, of any street side setback. However, the above standards shall not apply to the Community Directional Sign and Special Purpose Sign.

5. Multi-Tenant Directory Sign:

One (1) directory sign listing only the name of the firms or businesses on a site shall be allowed. Said sign shall be limited to a maximum height of

twenty (20) feet. Panels identifying each individual story shall be no longer than one (1) foot in width and five (5) feet in length.

6. Special Purpose Sign:

Subject to the standards established in Part I, Section III, Item D.4.

7. Construction Sign:

Subject to the standards established in Part I, Section III, Item D.6.

8. Future Tenant Identification:

Subject to the standards established in Part I, Section III, Item D.7.

9. Community Direction and/or Identification Sign:

Subject to the standards established in Part I, Section III, Item C.8.

C. Sign Standards

Except as noted above, the same sign standards as outlined in Sub-Section D, Section III, Part I of this ordinance, shall prevail for developments in this area.

D. Parking

1. Medical and Dental

Five (5) spaces for each doctor or one (1) space for each 200 square feet of gross floor area whichever is greater.

2. Professional Offices

One (1) space for each 225 square feet of net floor area. The parking requirement may be lowered to one (1) space for each 250 square feet of net floor area upon review and approval of the modification committee.

Exceptions: [35]

The following parking requirements are applicable to Professional and Business Office Site No. 9.

- One (1) space for each 281 square feet of net floor area.
- Changes to the on-site parking plans shall be reviewed by the Planning Director.

3. Lodge, Halls, Private Clubs, Union Headquarters

One (1) space for each 75 square feet of gross floor area plus one (1) space for each 250 square feet of gross office floor area.

4. Restaurants, Outdoor, Drive-In and Take-Out Restaurants. [7]

Restaurant parking shall be in accordance with Section 20.38.030(d) 20.40.040 of the Newport Beach Municipal Code, except as noted under "b" and "c" below. [37]

b. Restaurants other than outdoor, drive-in or take-out restaurants within Retail-Commercial Sites 1 and 2 shall provide one (1) space for each 200 square feet of net floor area and one (1) loading space for each 10,000 square feet of gross floor area, to the extent that the net floor area of all restaurants does not exceed 20% of the net floor area of the retail-commercial center. In the event that any restaurant causes the total of all restaurant uses in the retail-commercial center to exceed 20% limitation noted above, that entire restaurant and any subsequent restaurants shall provide parking as noted under "a" above.

c. Parking for restaurants (take-out service - limited use, food service with/without alcohol, with/without late hour) within General Commercial Site 8 shall be in accordance with the Newport Beach Municipal Code [37].

5. Retail Commercial

One (1) space for each 200 square feet of net floor area. One (1) loading space for each 10,000 square feet of gross floor area.

6. Hotels and Motels [6]

Parking for Hotel and Motel guestrooms; all related restaurants, cocktail lounges, banquet and meeting rooms, retail shops; and all employees shall be based on a demonstrated formula to be reviewed and approved by the Planning Commission.

The parking formula shall contain the minimum parking which would be required for each of the separate uses evaluated independently. Any

reductions from this minimum parking requirement must be based on the joint usage of the facilities by hotel and motel patrons. [10]

7. General Commercial [8, 9]

- a. One (1) space for each 250 sq.ft. of net floor area. One (1) loading space for each 10,000 sq.ft. of gross floor area.
- b. If the development of General Commercial Site 3 or 4 is limited solely to Professional and Business Office use, the parking shall be: One (1) space for each 225 sq.ft. of net floor area.

The parking requirements may be lowered to one (1) space for each 250 sq.ft. of net floor area upon review and approval of the modifications committee.

- c. Specific parking requirements shall be developed for uses such as furniture stores, athletic clubs, theaters, bowling alleys, home improvement stores, retail nurseries or tire stores based upon functions and occupancies within these uses. Parking shall be in conformance to existing City of Newport Beach requirements for said occupancies, or at a demonstrated formula agreeable to the ~~Director of~~ Community Development Director. In the event that any use described above is converted to another use parking requirements for the new use shall be subject to review by the ~~Director of~~ Community Development Director.
- d. For restaurant parking see Part II, Section III, D.4.

E. Landscaping

Detailed landscaping and irrigation plans, prepared by a landscaping architect, licensed landscaping contractor or architect shall be submitted to and approved by the ~~Planning-Community Development Director~~ Director prior to issuing of Building Permits and installed prior to issue of Certificate of Use and Occupancy.

All landscaping referred to in this section shall be maintained in a neat and orderly fashion.

1. Front Yard Setback Area

a. General Statement

Landscaping in these areas shall consist of an effective combination of street trees, trees, ground cover and shrubbery.

c. Special Landscaped Street

The entire area between the curb and the building setback line shall be landscaped, except for any driveway in said area.

c. Other Streets

The entire area between the curb and a point ten (10) feet in back of the front property line shall be landscaped except for any driveway in said area.

2. Side Yard and Rear Yard

a. General Statement

All unpaved areas not utilized for parking and storage, shall be landscaped utilizing ground cover and/or shrub and tree materials.

b. Undeveloped Areas

Undeveloped areas proposed for future expansion shall be maintained in a weed free condition, but need not be landscaped.

c. Screening

Areas used for parking shall be screened from view or have the view interrupted by landscaping and/or fencing from access streets, freeways, and adjacent properties. Plant materials used for screening purposes shall consist of lineal or grouped masses of shrubs and/or trees.

d. Boundary Areas

Boundary landscaping is required on all interior property lines. Said areas shall be placed along the entire length of these property lines or be of sufficient length to accommodate the number of required trees. Trees, equal in number to one (1) tree per twenty-five (25) lineal feet of each property line, shall be planted in the above defined areas in addition to required ground cover and shrub material.

e. All landscaped areas shall be separated from adjacent vehicular areas by a wall or curb, at least (6) inches higher than the adjacent vehicular area.

3. Parking Areas

Trees, equal in number to one (1) per each five (5) parking stalls shall be provided in the surface parking area (31).

F. Loading Areas

1. Street side loading on other than special landscaped streets, shall be allowed providing the loading dock is set back a minimum of seventy (70) feet from the street right-of-way line, or one hundred ten (110) feet from the street center line, whichever is greater. Said loading area must be screened from view from adjacent streets.

G. Storage Areas

1. All outdoor storage shall be visually screened from access streets, freeways and adjacent property. Said screening shall form a complete opaque screen up to a point eight (8) feet in vertical height but need not be opaque above that point.
2. Outdoor storage shall be meant to include all company owned and operated motor vehicles, with the exception of passenger vehicles.
3. No storage shall be permitted between a frontage street and the building line.

H. Refuse Collection Areas

1. All outdoor refuse collection areas shall be visually screened from access streets, freeways and adjacent property. Said screening shall form a complete opaque screen.
2. No refuse collection area shall be permitted between a frontage street and the building line.

I. Telephone and Electrical Service

All "on-site" electrical lines (excluding lines in excess of 12KV) and telephone lines shall be placed underground. Transformer or terminal equipment shall be visually screened from view from streets and adjacent properties.

J. Pedestrian Access

It is required of all developments in the commercial areas to submit a plan of pedestrian access to the Planning ~~Department~~ Division prior to the issuance of building permits. Said plans will detail consideration for pedestrian access to the subject property and to adjacent properties, and shall be binding on subsequent development of the property. The plan shall show all interior walkways and all walkways in the public right-of-way, if such walkways are proposed or necessary.

PART III. RESIDENTIAL OVERLAY

Section I. Minimum Site Area

None. Pursuant to General Plan Program HP3.2.2, residential development meeting requirements in the following Section II. A. shall be exempt from the minimum 10-acre site requirement specified in General Plan Policy LU6.15.6.

Section II. Density

1. Minimum – 30 du/acre

2. Maximum – 50 du/acre

Chapter 20.32 of the Zoning Code provides for density bonus which allows affordable housing projects to achieve increased densities up to a maximum 35 percent of the base density. The provision also includes the opportunity for incentives.

Section III. Definitions

Very Low–Income Household: 50 percent or less of the area median income, as adjusted for family size by the United States Department of Housing and Urban Development.

Low–Income Household: 50–80 percent of the area median income, as adjusted for family size by the United States Department of Housing and Urban Development.

Moderate–Income Household: 80–120 percent of the area median income, as adjusted for family size by the United States Department of Housing and Urban Development.

Above Moderate–Income Household: 120+ percent of the area median income, as adjusted for family size by the United States Department of Housing and Urban Development.

Lower–IncomeHousehold: Includes all that qualify under low and very- low income definitions.

Section IV. Permitted Residential Uses

A. To allow residential development that supports the City’s need for lower-income households. Residential development shall be permitted by right subject to the following requirements:

1. Limited to multi-unit residential development and subject to Site Development Review pursuant to Section 20.52.080 of the Newport Beach Zoning Code.
2. Notwithstanding, the review authority for site development review listed in Table 5-2 of the Newport Beach Zoning Code, the review authority for site development review shall be the Planning Commission.
3. A minimum of 30 percent of the units within the residential development shall be affordable to lower-income households and subject to a 30-year affordability covenant.
4. Densities shall be limited to a minimum of 30 dwelling units per acre and a maximum of 50 dwelling units per acre.
5. Sites shall be located such that any noise, dust, smoke, vibration, odor, toxic or noxious matter that may be generated by existing commercial or industrial uses in the surrounding environment would not negatively impact future residents of the development.
6. Residential dwellings shall be permitted as replacement of existing nonresidential uses. The number of peak hour trips generated by the development of the site shall not exceed the number of trips that would have resulted from the existing development of the underlying permitted nonresidential uses. A standardized set of conversion rates provided by the City Traffic Engineer shall be utilized.
7. Residential development shall be subject to the maximum development allocation for the Airport Area established by General Plan Land Use Policy 6.15.5.

Section V. General Development Standards for Residential

Residential development shall be subject to the development standards applicable to the Multi-Unit (RM) residential zoning district as specified in the Newport Beach Zoning Code, except as specified below:

A. Building Height

Maximum building heights shall be limited to a height limit of 55 feet. The height of a structure can be increased up to a maximum height limit of 300 feet, with the approval of a site development review and subject to required findings specified in Section 20.30.060.C.3 of the Newport Beach Zoning Code. Heights shall also comply with the requirements of Section 20.30.060.E of the Newport Beach Zoning Code (Airport Environs Land

Use Plan for John Wayne Airport and the Airport Land Use Commission Review Requirements).

B. Floor Area Limit

None.

C. Setbacks

All setbacks shall be measured from the property line. For the purpose of this ordinance, a street side property line is that line created by the ultimate right-of-way line of the frontage street.

1. Street Setback

Thirty (30) feet minimum, except that unsupported roofs or sunscreens may project six (6) feet into the setback area.

2. Interior Setback

Ten (10) feet, except on a through-lot in which case the required street setback shall be observed.

3. Footprint Lots (6)

Except as required by the Building Code there shall be no additional setback requirements for buildings within footprint lots. Provided, however, that buildings within footprint lots shall be so located as to observe the setbacks from streets and existing lot lines required under Part III, Section III.B.1, 2 and 3.

D. Signs

All signage shall be as specified in Chapter 20.42 of the Newport Beach Zoning Code.

E. Amenities and Neighborhood Integration

Due to the potential land use incompatibility with other uses within the established commercial or industrial area, residential development shall incorporate sufficient amenities (e.g., parks, clubhouse, pool, etc.) for the use of the residents and incorporate necessary improvements (e.g., pedestrian walkways, open space, recreational space, pedestrian and bicycle connections) to allow integration into the existing community and larger residential development that may occur in the future. The number and type of amenities required and necessary improvements shall be determined

through the Site Development Review process based on the size, density, location, and any other factors deemed relevant.

Affordable units shall be designed and distributed within the residential development as follows:

1. Number of Bedrooms. Affordable units shall reflect the range of numbers of bedrooms provided in the residential development project as a whole;
2. Comparable Quality and Facilities. Affordable units shall be comparable in the facilities provided (e.g., laundry, recreation, etc.) and in the quality of construction and exterior design to the market-rate units;
3. Size. Affordable units may be smaller and have different interior finishes and features than the market-rate units; and
4. Location. Affordable units shall be dispersed throughout the residential development, unless clustering is allowed by the review authority.

F. Parking

Parking shall comply with the requirements and standards specified in Chapter 20.40 of the Newport Beach Municipal Code for multi-unit residential development.

G. Landscape

All landscaping shall comply with the requirements specified in Chapter 20.36 of the Newport Beach Municipal Code for multi-unit residential development, with the following exceptions:

1. Special Landscaped Street

The entire area between the curb and the building setback line shall be landscaped, except for any driveway in said area. Tree size to be no less than 24-inch box.

2. Other Streets

The entire area between the curb and a point ten (10) feet back in the front property line shall be landscaped except for any driveway in said area. Tree size to be no less than 24-inch box.

Attachment No. PC 2

Housing Programs 3.2.2 and 3.2.3

Housing Program 3.2.2 Recognizing that General Plan Policy LU6.15.6 may result in a potential constraint to the development of affordable housing in the Airport Area, the City shall amend the General Plan and/or establish a waiver or exception to the minimum 10-acre site requirement. It is recognized that allowing a smaller scale development within an established commercial and industrial area may result in land use compatibility problems and result in a residential development that does not provide sufficient amenities (i.e. parks) and/or necessary improvements (i.e. pedestrian walkways). Therefore, it is imperative that the proposed waiver include provisions for adequate amenities, design considerations for the future integration into a larger residential village, and a requirement to ensure collaboration with future developers in the area. *(Imp 25.1)*

Responsibility: Planning Division, Planning Commission and City Council

2008-2014 Objective: Staff shall study and develop a plan for the City Council's consideration by Spring 2012.

Housing Program 3.2.3 The City shall amend the Newport Place (PC 11) and Koll Center (PC 15) Planned Community texts to allow residential developments that include: 1) a minimum of 30 percent of the units affordable to lower-income households; and 2) densities between 30 du/acre and 50 du/acre consistent with the MU-H2 General Plan land use designation and policies for the Airport Area. It is recognized that adding residential as a permitted use where it was not allowed previously might require additional design attention to integrate uses. Therefore, the Planned Community Amendments will add residential uses as permitted by right subject to a site plan review to ensure integration within the existing area.

The City will monitor commercial redevelopment within the Airport Area to ensure sufficient residential capacity remains to accommodate the City's RHNA for lower-income households. Should residential capacity be reduced to a level that cannot accommodate the City's remaining need for lower-income households citywide, the City will identify and zone, if necessary, sufficient sites in an alternative location to accommodate the City's RHNA *(Imp 25.1)*

Responsibility: Planning Division, Planning Commission and City Council

2008-2014 Objective: Staff shall prepare a City initiated Planned Community Amendment for Planning Commission and City Council review by Spring of 2012.

Mr. David Kiff, City Manager
City of Newport Beach
3300 Newport Boulevard
Newport Beach, CA 92658

RE: Review of the City of Newport Beach's Adopted Housing Element

Dear Mr. Kiff:

Thank you for submitting Newport Beach's housing element adopted November 22, 2011 and received for review on November 30, 2011. The Department is required to review adopted housing elements and report the findings to the locality pursuant to Government Code Section 65585(h).

As you know, the Department's September 8, 2011 review found Newport Beach's revised draft housing element addressed the statutory requirements of housing element law. As the adopted element is substantially the same as the revised draft, we are pleased to find the element in full compliance with State housing element law (Article 10.6 of the Government Code).

Successful implementation of Program 3.2.2, to remove the 10-acre minimum site requirement and Program 3.2.3, to allow by-right development for multifamily housing affordable to lower-income households are critical to facilitate residential development within the John Wayne Airport Area (PC 11 and PC15). The City must monitor and report on the results of these and other programs through the annual progress report, required pursuant to Government Code Section 65400.

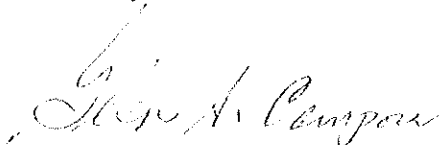

The Department acknowledges Newport Beach's commitment to encourage the development of a variety of housing types for lower-income households and workers through the implementation of Program 2.1.5 providing regulatory and financial incentives to meet the housing needs of extremely low-income households and Program 3.1.4 to facilitate the development of residential on mixed-use sites. Such strategies facilitate more compact development to address climate change, energy conservation and air quality objectives, maximize existing land resources, and promote the feasibility of developing housing for lower-income families and workers while strengthening the local economy.

The Department is pleased to report Newport Beach now meets specific requirements for several State funding programs designed to reward local governments for compliance with State housing element law. For example, the Housing Related Parks (HRP) Program, Local Housing Trust Fund and the Building Equity and Growth in Neighborhoods (BEGIN) programs include housing element compliance either as a threshold or competitive factor in rating and ranking applications. Details about these and other programs are available at this website at http://www.hcd.ca.gov/hpd/hrc/plan/he/loan_grant_hcompl011708.pdf.

Specifically, the HRP Program, authorized by Proposition 1C, is an innovative new program rewarding local governments for the approval of housing for lower-income households and provides grant funds to eligible local governments for every qualifying housing start, beginning calendar year 2010. Additional information on the HRP Program can be obtained from this website <http://www.hcd.ca.gov/hpd/hrpp/>.

The Department appreciates the assistance provided by Messrs. Jamie Murillo and Gregg Ramirez throughout the course of the review and looks forward to receiving Newport Beach's adopted housing element. Their dedication to the housing element update process was instrumental in creating a valuable tool to address the community's housing and community development objectives. We wish Newport Beach success in implementing its housing element and look forward to following its progress through the General Plan annual progress reports pursuant to Government Code Section 65400. If the Department can provide assistance in implementing the housing element, please contact Melinda Coy, of our staff, at (916) 445-5307.

Sincerely,

A handwritten signature in cursive script, reading "Glen A. Campora".

Zoning Code Section 20.30.060C.3

20.30.060 C.3. (Required Findings for an increase in height)

3. Required Findings. The review authority may adopt a Planned Community District, adopt a specific plan, or approve a planned development permit or site development review to allow an increase in the height of a structure above the base height only after first making all of the following findings in addition to the findings required for the discretionary permit application:

- a. The project applicant is providing additional project amenities beyond those that are otherwise required. Examples of project amenities include, but are not limited to:
 - i. Additional landscaped open space;
 - ii. Increased setback and open areas;
 - iii. Enhancement and protection of public views; and
- b. The architectural design of the project provides visual interest through the use of light and shadow, recessed planes, vertical elements, and varied roof planes;
- c. The increased height will not result in undesirable or abrupt scale changes or relationships being created between the proposed structure(s) and existing adjacent developments or public spaces. Where appropriate, the proposed structure(s) provides a gradual transition to taller or shorter structures on abutting properties; and
- d. The structure will have no more floor area than could have been achieved without the approval of the height increase.

RE: Proposed Residential Development at the Koll Center and Planning
Commission Meeting Scheduled for April 19, 2012

Dear Ms. Brandt:

My client, OCRC Capital Corporation ("OCRC"), owns a building, located at 4910 Birch St. within the Koll Center office park. OCRC likewise owns easements for parking, access and property rights to enforce development standards under the recorded documents showing property ownership, recorded covenants, conditions and restrictions ("CC&Rs"). This correspondence shall serve as our opposition and objection to the Proposed Residential Development at the Koll Center which is scheduled to be voted on during the Planning Commissions, April 19, 2012, regular meeting.

We have been informed by other property owners within the office park, of the Koll Company's proposed residential development. We understand that the City has a duty to insure that it has properly noticed all of the relevant property owners regarding this proposal and that all of the property owners are in agreement or, at the very least, are included in the development at this office park. To date, we have not received notice from the City of Newport Beach (the "City") or the Koll Company regarding its proposal to integrate the existing master planned business park with a massive residential development.

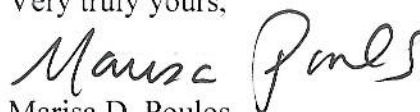

In addition, as the City is well aware, there are deficiencies in Koll's application for a Planned Community Text Amendment and Environmental Impact Report, which documents have been provided to the City. Our opposition is also based on the fact that the Koll Company has failed to obtain the required consent from Koll Center property owners and has failed to make any attempt to comply, as required, with the CC&Rs. Finally, neither the Koll Company, nor the City has contemplated or evaluated the

negative impact, impairment of property values and the denial of my client's rights as a landowner in the city of Newport Beach.

Therefore, regardless of City Code requirements, and in an effort to protect our client's property rights, we request that Planned Community Amendment scheduled to be voted on during the April 19, 2012 Planning Commission Regular Meeting, be rejected until the issues surrounding Koll's application, the Environmental Impact Report and Koll's failure to properly notify and comply with the relevant CC&Rs are satisfactorily and properly resolved.

Very truly yours,
